Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

LEA/LCAP Goal

Board Goal: Increase the achievement of all students through effective instruction, an engaging curriculum, and aligned assessments. Ensure that the District resources are aligned, integrated, and evaluated.

LCAP Goal: The performance and opportunity gap will be eliminated- all students will graduate college and/or career ready.

Goal 1

The performance and opportunity gap will be eliminated- all students will graduate college and/or career ready.

Identified Need

District wide data reveals that students continue to struggle in reading and math calculation. In addition, we must increase the number of students A-G eligible, completing CTE pathways, as those are deficiencies revealed in district data that impact the college and career indicators.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
SBAC English Scores and Math Scores	ELA 2,594 scale score 11 points above 3. Math 2508 120 points below 3.	The Average scale scores in ELA and math will increase by 10 points.
Grade Data	83.9 % of grades were C's and Above.	The percent of students earning C's or above will increase by 3 points.
FAFSA Completion	70% of seniors completed by the priority deadline.	The percent of seniors completing a FAFSA will increase by 10 points.
A-G Completion Rates	45.08% A-G completion rate,	A-G rate will increase X percentages points.
Graduation Rate	95.4% graduated or received certificate of completion.	Graduation rate will increase by 2%.
Star Reading	9th-1059/- 10th/-1070/ 11th/1073/ 12th-1090	The scale score for each grade level will increase by 5 points from beginning of year test
Star Math	9th-1049/ 10th-1058/ 11th- 1059/ 12th-1086	The scale score for each grade level will increase by 5 points from beginning of year test
CTE Completer rates.	15.2% completer rate in 2022.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

The addition of a fulltime academic intervention specialist greatly increased our ability to provide intervention services to our students. we added several more teacher to trail center. We were able

to offer additional sections of intersession to remediate students. Although our final numbers are not yet available for A-G rates, and final grade data. We expect that we will maintain or increase these numbers this year as a result of our efforts. Our after school parent counseling workshops were well attended. Our AVID and Puente programs increased their numbers of participants. Our math teams implemented a much more strategic and focused plan for prepping students for SBAC testing.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We did a good job implementing this plan. We spent additional monies on Saturday school, homework center, and intersession. We did spend less money than originally anticipated on instructional technology. We also spent a little more money than anticipated on software licenses as we attempted to implement IXL and Teach FX.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Our metrics will be similar to previous years, but we did add a CTE completion rate metric, and an additional action step. This will be action step 1.9. We are supporting a math remediation program in action step 2 as a way to intervene for students who could not pass math 1 due to being underprepared for high school math.

Goals, Strategies, & Proposed Expenditures

LEA/LCAP Goal

Board Goal: Recruit, hire, retain and develop faculty, staff and leaders that are qualified, high performing, and diverse. Ensure that the District resources are aligned, integrated, and evaluated.
 LCAP Goal: Recruit, hire, retain, and develop faculty, staff, and leaders that are qualified, high performing, diverse, and culturally competent.

Goal 2

All teachers at Rancho San Juan will be trained in, and implement, researched based instructional practices aimed at eliminating the achievement gap for all students.

Identified Need

Staff needs to be able to implement researched based instructional practices that support all learners at a tier 1 level.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Teacher Retention	100% of new reelected teachers were retained.	100% of new teachers will be retained.
Teacher training	43% completed professional sharing or a PDSA cycle.	60% of teachers will participate in at least 2 professional sharing opportunities, or 1 PSA cycle.
Implementation of researched Based Instructional Practices.	New metric/No Baseline	80% will demonstrate elements of the site instructional focus consistently based on administrative walk thru data.
Participation in PD	98% of teachers participated in PD in one of these areas.	All teachers will complete at least on PD in the area of supporting EL's, Co-teaching, CM/GRR, Grading for Equity, Assessment Design, Reading Strategies, restorative justice or PLC/RTI.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We had all of our math department, all of social studies department, most our English department, and half of our science teachers participate in continuous growth cycles. Our implementation or rotating breakout PD sessions allowed for maximum participation in PD for teachers. We were able to send teachers to an assesment conference, CATE conference for English, and several content based conferences.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The only real difference in costs occurred because not every new teacher took advantage of the release day set aside for them. We were also not able to find someone to lead teacher wellness activities.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

There will be no change in strategy or activity. We will continue to refine our implementation. However, since we are moving away from the CM/GRR rubric, we did create a new metric for admin walkthrough data. The concept will be similar, but the walk thru will be focused on a few expectations created by the ILT.

Goals, Strategies, & Proposed Expenditures

LEA/LCAP Goal

Board Goal: Ensure that teaching and learning environments are safe, caring, and healthy. Ensure that the District resources are aligned, integrated, and evaluated.

LCAP Goal: All students will be engaged in teaching and learning environment that are safe, caring, and healthy.

Goal 3

All students will be engaged in teaching and learning environment that are safe, caring, and healthy.

Identified Need

Overall district dashboard revealed a high suspension rate, and chronic absenteeism rate.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Suspension Rate	Suspension rate was 2.1%	Suspension Rate Will be 2% or less.
Office Discipline Referrals	Average daily ODR's 1.32 per day.	Reduce average daily ODR by 10%
Attendance Rate	ADA was 91%	Increase ADA by 4%
Chronic Absenteeism	No current data	Chronic Absenteeism Rate will be no more then 5%

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

We were able to successfully implement much of this goal. PBIS met monthly and on time every month. They did a great job expanding and refining their work. We were also able to build up our tier two behavioral interventions including our alternatives to suspension program.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We were able to decrease our suspension rate by more than half from where we were this time in 19-20 (when he had students in person). We increased participation in parent meetings using an in person hybrid approach. Our SLC program was stronger with more houses planning field trips and other events. Ultimately we increased our 5 star points usage as a part of PBIS by 75% over the course of the year

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will probably not be making changes to this section at this time.

Annual Review

SPSA Year Reviewed: 2022-23

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Our morning ELD language support class was very successful. We had to create a second course. The EL students were able to participate in several opportunities for enrichment. There were several field trips provided for students. Materials and supplies benefited classroom instruction, and helped with student recognition. Our support of the ELD House of Campeones went a long way as well.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We could never hire an additional para educator. So much of that money did not get spent.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will be implementing more training and OD for ELD team next year. We will no longer pursue adding another bilingual para educator. Our metrics and goals will not change.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Having extra paraeducators available in the after school tutorials and during intersession had been helpful. we have seen a decrease in the failure rate of our students with disabilities, and some growth in the midterm STAR Math test.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We did not implement an after school IS/Credit recovery course for students with disabilities. We had an ed-specialist teaching a credit recovery course, which was helpful, but it included all students. This year we will emphasize the need for this after school Individual studies/Credit recovery course for only students with disabilities. It will allow for more intensive remediation support for those that most need it. we will target upper classmen with the goal of improving the grad rate for our SWD's.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Homeless and foster youth were connected with a counselor and our community liaison. Many of these students took advantage of resources, supplies and materials that were provided to the,, but also took full advantage of the support provided by their counselor when they needed social and emotional support. we did see an uptick in attendance, be it only slight for this subgroup.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

The filed trip for this group did not happen. They went on several field trips, but the end of year trip just for them had to be cancelled due to the lack of available busses.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Next year we do plan to organize the resources already identified in this plan to have regular attendance and check up meetings with this group. In addition we would like to complete some empathy interviews to better explore the main causes, from their perspective, of them missing school.
